Cooperative Procurement Agreement

Pursuant to the Code of Virginia, § [2.2-4304](#) “Cooperative procurement,” and VITA Request For Proposals (RFP) 2008-05, this Agreement is available for use by all public bodies as defined by §2.2-4301 and referenced by §2.2-4304 of the Code of Virginia, and other public bodies including all public agencies and institutions and localities of the several states, of the United States or its territories, the District of Columbia, and the U.S. General Services Administration (“Public Bodies”).

Background: Most of the 50 states and the District of Columbia have adopted some form of cooperative procurement code, enabling them to use contracts established by other states under similar codes. This contract was established as such under the Code of Virginia, § [2.2-4304](#) “Cooperative procurement” and is therefore available for use by most other states with cooperative procurement codes, and their localities and other public bodies. Potential contract users outside the Commonwealth of Virginia should check their own regulations to ensure that they are eligible to use this contract.
