Subject: RE: Agency IT Strategic Planning Certification

Dear Mr. Stewart:

I hereby certify that the Department of Rail and Public Transportation does not presently have any proposed IT investments for the upcoming 2009-2010 budget biennium and I hereby delegate my plan certification authority within the Commonwealth agency IT strategic planning system (ProSight) to the Project Management Division (PMD) of VITA. I further understand that, should my agency IT investment status change, I will immediately contact my agency's designated VITA Customer Account Manager to initiate an appropriate agency IT strategic planning update.

William S. Pittard
Chief Financial Officer
VA Dept. of Rail and Public Transportation
