Importance: High

Mr. Harris,

I hereby certify that the Virginia Department of Business Assistance does not at this time have any proposed IT investments for the upcoming 2008-2010 budget biennium, and hereby delegate my plan certification authority within the Commonwealth agency IT strategic planning system (Prosight) to the Project Management Division (PMD) of VITA. I further understand that, should my agency IT investment status change, I will immediately contact my agency's designated VITA Customer Account Manager to initiate an appropriate agency IT strategic planning update.

Lynda
