### 1. PURPOSE AND SCOPE

This Contract sets forth the terms and conditions under which Supplier shall provide Services to the Authorized Users.

### 2. DEFINITIONS

#### E. Deliverable

Means any and all engineering reports, designs, documentation and other work product prepared by Supplier and delivered to an Authorized User pursuant to an order, but specifically excluding any diagnostics, documentation, test equipment or other items used by Supplier in the performance of the Services. Deliverables shall be identified in the applicable Statement of Work.

**K. VITA**

**L. Warranty Period**

Ninety (90) days from Acceptance of the Deliverable.

**3. TERM AND TERMINATION**

This Contract is effective and legally binding as of the Effective Date and, unless terminated as provided for in this section, shall continue to be effective and legally binding for a period of two (2) years. Should VITA elect, this Contract may be extended for up to three (3) additional one (1) year periods after the expiration of the initial two (2) year period. VITA will issue a written notification to the Supplier stating the extension period, 30 days prior to the expiration of any current term.

VITA shall have the unilateral right to terminate this Contract or any Statement of Work issued hereunder, for default. Supplier shall be deemed in default in the event that any one or more of the following events occur or continue during the term defined above:

- i). Supplier fails to perform the Services required by this Contract or any Statement of Work issued hereunder by the specified delivery date,
- ii). Supplier repeatedly fails to respond to requests for maintenance or other services within the time limits set forth in the Contract or any order or Statement of Work issued hereunder, or
- iii). Supplier is in breach of any of the other terms set forth within this Contract or the Maintenance Agreement.

If VITA deems the Supplier to be in default, VITA shall issue a "Show Cause Notice" identifying the failure and providing Supplier ten (10) days to cure the failure/nonperformance. If Supplier fails to answer the Show Cause Notice, or does not correct the deficiencies noted, VITA may immediately terminate this Contract or any order or Statement of Work issued hereunder for default. In such event, the Authorized User shall only be liable for cost incurred prior to the date of termination for default. All costs of de-installation and return of the equipment shall be at Supplier's expense. Supplier shall submit any dispute to VITA for resolution according to the terms of the Dispute Resolution section.

VITA's failure to exercise its right to terminate for default under this provision shall not be construed as a waiver of its right to terminate for default, rescind or revoke this Contract or any order or Statement of Work issued hereunder in the event of any subsequent breach of any provisions of such agreements.

VITA may terminate for convenience this Contract, in whole or in part, upon not less than forty-five (45) days prior written notice at any time for any reason. Supplier shall submit any contractual dispute regarding termination by VITA to VITA for resolution according to the terms of the Dispute Resolution Section. Upon termination for convenience, VITA shall have no future liability except for Services rendered by Supplier prior to the termination date.

**4. SERVICES****A. Nature of Services and Engagement**

Supplier is an independent contractor engaged to perform certain Services, including but not limited to consulting, installation and/or support activities on behalf of an Authorized User as set forth in any Statement of Work. Both Parties acknowledge that this Contract is non-exclusive, in that any Authorized User may utilize the services of others, and Supplier may provide services to others so long as those services do not breach the terms of this Contract.

Each Authorized User shall provide sufficient, free and safe access to its facilities, non-Confidential data and information or confidential data and information subject to the terms and conditions of the Confidentiality section herein, and personnel and a suitable physical environment meeting any of Supplier's specified requirements as agreed to by the Authorized User in the SOW, to permit the timely delivery and installation of products and/or performance of Services, including the recovery of Supplier tools. Supplier will perform its responsibilities in accordance with the Statement of Work. Supplier will successfully complete its standard installation and commissioning procedures before it considers products installed. The Authorized User shall be responsible for the accuracy and completeness of all data and any other information (including but not limited to microwave path studies, RF propagation studies and tower location and loading requirements) that it provides or causes to be provided to Supplier. Supplier shall have no liability for failures resulting from or attributable to Authorized User-provided designs, specifications or product configuration requirements. In the event that there are any delays by the Authorized User in fulfilling its responsibilities as stated above, or there are errors or inaccuracies in the information provided by the Authorized User that result in delays or additional Supplier responsibilities, Supplier shall be entitled to appropriate schedule and pricing adjustments including storage fees provided Supplier makes all commercially reasonable efforts to notify Authorized User in advance of incurring such price adjustments and to provide a good faith estimate of such price adjustments. Unless otherwise included as part of quote, the Authorized User shall reimburse Supplier for all reasonable, pre-approved, out-of-pocket expenses incurred by Supplier in performing the Services (including, without limitation, all reasonable travel, meal, lodging and mileage expenses). Reimbursement shall be in accordance with the then-current per diem amounts as published by the Virginia Department of Accounts.

**B. Statement of Work (SOW)**

All Services shall be performed at the times, locations and rates set forth in the applicable SOW. Supplier personnel shall maintain daily time records of hours and tasks performed. Upon written request of the Authorized User, Supplier shall provide, in a format mutually agreed upon by Supplier and Authorized User, a listing of hours and tasks performed by Supplier personnel. Any total dollar amounts or not-to-exceed limitations appearing in an SOW shall be considered reasonably accurate estimates. All changes in the scope of Service must be described in a written modification to the applicable SOW, which includes an appropriate adjustment to the price, delivery dates or both. Either Party may issue a change request that will be subject to written approval of the other Party before it becomes part of this Contract. Any authorized Services beyond the scope of an SOW shall be performed at the hourly rates set forth in the SOW, unless otherwise agreed by the Parties.

**C. Acceptance Criteria**

Service(s) shall be accepted in accordance with acceptance criteria set forth in the SOW. An Authorized User agrees to commence Acceptance testing within a reasonable time period after receipt of the Service or within such other time period mutually agreed upon by the Parties. Supplier agrees to provide to the Authorized User such assistance and advice as the Authorized User may reasonably require, as agreed by the parties on a case by case basis, during such Acceptance testing. Authorized User shall pay pre-approved travel expenses incurred which will be reimbursable by such Authorized User at the then-current per diem amounts as published by the Virginia Department of Accounts.

**D. Cure Period**

Supplier shall correct the non-conformities identified hereunder and shall thereafter re-submit such previously non-conforming Service for re-testing within seven (7) days of the appropriate Authorized User's notice of non-conformance, or as otherwise agreed between Authorized User and Supplier. In the event that Supplier fails to deliver a Service which meets the Requirements, Authorized User may, in its sole discretion, reject the Service in its entirety and receive a refund for amounts previously paid hereunder. Notwithstanding the foregoing, VITA and Authorized Users shall be entitled to pursue any other remedies that are available to them under this Contract.

**E. Training and Documentation**

Any documentation necessary for an Authorized User to have full benefit of the Service shall be deemed included in the scope of the SOW unless expressly excluded. Training requirements shall be expressly set forth in the applicable SOW. Upon request by an Authorized User and at the hourly rate set out in Exhibit C, Supplier shall provide training at the ordering Authorized User's designated location or at an alternate site, as mutually agreed by the Parties. Pursuant to a mutually agreed upon schedule, Supplier shall provide sufficient personnel experienced and qualified to conduct such training.

**5. LICENSE GRANT**

In the event that Supplier determines that a software upgrade, patch or release is required in the course of performing the Services provided under this contract ("Software"), then Supplier will license such Software to an Authorized User under the following terms and conditions:

Supplier grants to each Authorized User a personal, nonexclusive, nontransferable, nonsublicenseable license to, for Commonwealth purposes, a) install and execute the copy of the Software solely i) to the extent of the authorized activation or authorized usage level and solely for the purpose specified in the documentation provided therewith, ii) in the country where the Software was delivered, and iii) with specifically designated hardware for the life of such hardware and/or with customer furnished equipment ("CFE") (collectively, the "Licensed Use"); b) use the associated Documentation solely in support of such Licensed Use; and c) make a single copy of the Software and associated Documentation solely for backup and archival purposes. Licensed Use shall also include transfer or distribution of the Software to the extent that transfer or distribution is necessary for the Authorized User to exercise its right to transfer or distribute the equipment upon which the Software is installed or of which the Software is an integral part. The Authorized User shall maintain an accurate record of the whereabouts of the Software and any backup copy. Supplier and/or its suppliers (as applicable) retain all right, title and interest in and to the Software and Documentation, including any derivatives thereto and copies thereof.

**A. Business Continuity and Recovery**

In the event that all of an Authorized User's copies of the Software, including all backup copies, are destroyed, irreparably damaged or otherwise lost due to fire, explosion, sabotage, flood or other natural disaster not occasioned by the fault of such Authorized User, Supplier shall provide to the Authorized User, at no additional cost, a replacement copy of the Software and documentation; provided however, that nothing contained in this Section shall obligate Supplier to replace or assist in the recovery of data lost concurrent with the loss of the Software.

**6. SCOPE OF USE**

Except as expressly authorized in accordance with the Licensed Use, each Authorized User shall not a) use, copy, adapt, translate, publish, display, sublicense, rent, lease, lend, transfer or distribute the Software, Documentation, or any copy thereof; b) improve, enhance, revise, modify or make any other derivatives of the Software, Documentation or any copy or part thereof; and/or c) merge, link, compile or combine the Software or any part thereof, or any copy thereof, with any other software or other item(s). Authorized Users shall not reverse assemble, reverse compile, reverse engineer or otherwise translate or decode the Software or any part thereof, or any copy thereof and shall not upload onto the Internet, permit downloading from the Internet or making the Software accessible to third parties via the Internet. Authorized Users shall not destroy, remove or otherwise alter any copyright notice(s) on the Software and Documentation, or any copy thereof, and shall reproduce any such notice(s) on any copy thereof it makes pursuant to this License. Supplier's suppliers of Software and Documentation (or any part thereof) are beneficiaries of this provision. The Software and Documentation are and/or contain trade secrets and each Authorized User shall treat the same as Confidential Information as set forth in the Confidentiality section hereof. Within thirty (30) days of the end of each calendar quarter, each Authorized User shall determine its usage or activation level. Use beyond the authorized usage or authorized activation level may require payment of an additional fee in accordance with Exhibit C. Each Authorized User shall have the right to make one copy of each Software product for archival and back-up purposes.

**B. Ownership**

VITA and Supplier agree that this Contract does not contemplate the discovery, creation, or development of Work Product (inventions, combinations, machines, methods, formula, techniques, processes, improvements, software designs, computer programs, strategies, specific computer-related know-how, data and original works of authorship).

However, Supplier may, in the course of performing the Services, prepare engineering reports, network designs, and documentation (collectively "Materials") and deliver such Materials to an Authorized User pursuant to a SOW and an order placed by such Authorized User under this Contract. Supplier grants to such Authorized User a perpetual, non-exclusive, world-wide, paid up license to use, copy and modify, for Commonwealth purposes, any and all Materials prepared by Supplier and delivered to such Authorized User.

It is understood between the Parties that Supplier will employ its pre-existing know-how, techniques, concepts, experience and expertise, as well as all other intellectual property, in performing the Services. Supplier reserves its rights to such pre-existing intellectual property, and the right to perform services the same as or similar to the Services for others. Further all rights in any computer code or material developed or otherwise obtained by or for Supplier or Supplier's affiliates or Supplier's licensors, independently of a SOW and an order placed under this Contract, shall remain the sole property of the Supplier and Supplier's licensors.

**7. SUPPLIER PERSONNEL****A. Selection and Management of Supplier Personnel**

Supplier shall take such steps as may be necessary to ensure that all Supplier personnel provided under this Contract are competent and knowledgeable of the contractual arrangements and the applicable SOW between Authorized User and Supplier. Supplier shall be solely responsible for the conduct of its employees and subcontractors and shall ensure that such employees and subcontractors comply with the appropriate Authorized User's site security, information security and personnel conduct rules, as well as applicable federal, state and local laws. VITA reserves the right to require the immediate removal from such Authorized User's premises of any employee, subcontractor or agent of Supplier whom such Authorized User believes has failed to comply or whose conduct or behavior is unacceptable or unprofessional or results in a security or safety breach.

**B. Supplier Personnel Supervision**

Supplier and VITA acknowledge that Supplier shall be and is the sole employer of Supplier personnel, and shall have sole responsibility to supervise, counsel, discipline, review, evaluate, set the pay rates of and terminate the employment of Supplier personnel.

**8. REPRESENTATIONS AND WARRANTY OF SUPPLIER**

With respect to the Services provided by Supplier, Supplier represents and warrants the following:

**A. Ownership**

Supplier has the right to provide the Services, including Deliverables, without violating or infringing any law, rule, or regulation.

**B. Performance**

- i). All Services shall be performed with care, skill and diligence, consistent with or above applicable professional standards currently recognized in its profession, and Supplier shall be responsible for the professional quality, technical accuracy, completeness and coordination of all plans, information, specifications, computer programs, software, Deliverables and Services furnished under this Contract;
- ii). If the Services are pursuant to a particular Statement of Work, such Services and Deliverables shall be fit for the particular purposes specified by an Authorized User and

Supplier is possessed of superior knowledge with respect to the Services and is aware that such Authorized User is relying on Supplier's skill and judgment in providing the Services;

- iii). The Services shall meet or exceed the Requirements;
- iv). The Services shall be performed in a professional manner;
- v). Supplier warrants that the documentation which Supplier is required to provide under this Contract shall be sufficient in detail and content to allow a user/programmer to understand fully the software or other Deliverables without reference to any other materials or information.

### **C. Limited Warranty Period and Remedy**

Services will be performed in a professional and workmanlike manner. If Services are not performed as warranted and Supplier is notified in writing by the Authorized User for whom Services are performed within ninety (90) days, Supplier will re-perform the non-conforming Services. Authorized User shall provide written notice to Supplier promptly upon such Authorized User's discovery of any non-conformity.

No warranty is provided for i) supply items normally consumed during product operation; ii) failures caused by non-Supplier products; iii) failures caused by a product's inability to operate in conjunction with other VITA hardware or software; iv) interference or disruption of service caused by operation of other radio systems introduced after execution of a Statement of Work, lightning, motor ignition or other similar interferences; v) performance failures resulting from use of improper parts or components; or vi) failure resulting from use other than expressly provided herein. Warranty will be voided by misuse, accident, damage, alteration or modification (including tampering with the serial number), failure to maintain proper physical or operating environment, use of improper parts or components or improper VITA installation or maintenance. Software is not warranted to operate uninterrupted or error free.

During the Warranty Period, Supplier warrants that the Deliverables shall conform to the Requirements. Supplier shall correct all non-conformances at no additional cost to any Authorized User. In the event that Supplier fails within seven (7) days to deliver a Service which meets the Requirements, Authorized User may, in its sole discretion: reject the Service in its entirety or in part, as applicable, return to Supplier any such nonconforming Deliverables, and receive a refund for amounts previously paid hereunder for the specific nonconforming Service or nonconforming portion of the Service, as applicable.

THE OBLIGATIONS OF SUPPLIER UNDER THIS SECTION ARE MATERIAL. THESE WARRANTIES AND LIMITATIONS ARE EACH AUTHORIZED USER'S EXCLUSIVE WARRANTIES AND REPLACE ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY CONCERNING MERCHANTABILITY OR FITNESS FOR ANY OTHER PARTICULAR PURPOSE.

## **9. ORDERS AND COMPENSATION**

### **A. Order**

Supplier is required to accept any order placed through the eVA electronic procurement website portal (<http://www.eva.state.va.us>). eVA is the Commonwealth of Virginia's total electronic procurement solution. State agencies, as defined in §2.2-2006 of the Code of Virginia, shall order through eVA. All other Authorized Users are encouraged to order through eVA, but may order through the following means:

- i). Purchase Order (PO): An official PO form issued by an Authorized User.
- ii). Any order/payment transaction processed through the Commonwealth of Virginia's contract with American Express (AMEX). Each order must not exceed \$5,000, or the then-current charge card limit.
- iii). Any other order/payment charge or credit card process, such as AMEX, MASTERCARD, or VISA under contract for use by an Authorized User.

This ordering authority is limited to issuing orders for the Services available under this Contract. Under no circumstances shall any Authorized User have the authority to modify this Contract.

VITA represents and warrants that it will set ordering parameters such that an Authorized User will order Services solely for the purpose of facilitating the execution of its duties and obligations as a public body and may not order such Services for resale.

The parties may, by mutual agreement, make changes to an order, including, without limitation, changes to any statement of work, total order price (provided charges for Services are in accordance with Exhibit C herein), deliverables or other substantive aspects of the Services) (“Change”). The party asking for a Change shall describe in writing the details of the requested Change (“Change Order Request”). Supplier shall provide in writing to the applicable Authorized User a summary of any and all adjustments to the charges and other changes resulting from the Change Order Request. In no event shall any Change be effective or acted upon in any way until such time as (i) an authorized representative of each party has agreed to the terms of the Change Order Request in writing and (ii) Supplier receives an Order from an Authorized User for any additional charges resulting from the Change Order Request.

**B. Purchase Price and Price Protection**

Exhibit C sets forth the price by Service type and the appropriate Commonwealth discounts. Price discounts for Services shall not decrease for a period of not less than five (5) years from the effective date of this Contract.

**C. Invoice and Payment Terms**

All payment obligations under this Contract are subject to the availability of legislative appropriations for this purpose. In the event of non-appropriation of funds for the items under this Contract, VITA may terminate this Contract, any order or Statement of Work, for those goods or services that have not been delivered to (or received by) an Authorized User and for which funds have not been appropriated. Written notice will be provided to the Supplier as soon as possible after legislative action is completed.

If any purchases are to be supported by federal funding, and such funding is not made available, VITA may terminate this Contract or any order or appropriate Statement of Work, for goods or services that have not been delivered to (or received by) an Authorized User and dependent on such federal funds without further obligation.

Supplier is responsible for the accuracy of its billing information to the extent that information provided by the ordering Authorized User is accurate. Supplier agrees not to issue invoices hereunder until Services have been performed. Charges for Services accepted more than ninety (90) days prior to receipt of a valid invoice may not be paid.

If there are any disputed items, the appropriate Authorized User shall pay all undisputed charges in accordance with the applicable terms and conditions of this Contract and notify Supplier in writing of any disputed amount within 21 days of receipt of invoice. Supplier shall thereupon review its records, and, if it does not concur with such Authorized User, provide such Authorized User with documentation to support the charge. All payment terms are due 30 days after Acceptance.

**D. Invoice Procedures**

Supplier shall invoice Services upon completion or upon Acceptance, unless the Service continues beyond thirty days, in which case Supplier shall invoice customers at the end of each month for Services performed in that month or upon Acceptance, as applicable. No invoice shall include any costs other than those identified in Exhibit C or the executed order or Statement of Work referencing this Contract. Upon request from the public body from whom the relief is sought, Supplier agrees to submit any and all contractual disputes arising from this Contract to VITA's alternative dispute resolution (ADR) procedures or if required by law, the Authorized User's alternative dispute resolution (ADR) procedures. Supplier may invoke VITA's ADR procedures at any time and concurrently with any other statutory remedies prescribed by the Code of Virginia.
