Overview: The Advanced IT Resource Services Contract contains several key provisions:

- It focuses on contracting with industry partners who offer specific IT skills for completing specified projects and initiatives.

- It establishes a partner to assist in areas of specific business, functional, and technical skills rather than on personnel job categories.
- It allows the Commonwealth to provide “best value” technology solutions to its technology needs rather than supplementing staff with low cost resources.
- Contractors, through statements of work (SOW), will provide comprehensive solutions to satisfy the Commonwealth’s on-site, temporary, advanced IT consulting service needs from subject matter experts with specific IT technical or business/functional skills and experience.
- The Commonwealth is committed to Supplier Diversity, which includes participation of small, women and minority-owned (SWAM) businesses. Contractors have established strategic partnerships and subcontracting relationships with SWAM businesses to provide solutions for this Contract.

How to Obtain Services Under This Contract:

- 1) Users should familiarize themselves with the Advanced Information Technology Resource Services **Contract** and Attachments prior to providing a Statement of Work (“SOW”) to a Contractor. Please note that the five contracts resulting from this single procurement are intended to be identical, except for company-specific information and pricing schedules.
- 2) Users should ensure that the SOW is thorough, in writing, and contains detailed information (i.e., scope of project, personnel and skill sets required, project timeline, deliverables, percentage of invoice holdbacks, testing/inspection/acceptance requirements, etc.). Users are encouraged to use VITA’s [SOW](#) template for this purpose.
- 3) Users are encouraged to provide a [SOW](#) to more than one Contractor to ensure best possible value for the Commonwealth. Contractor(s) will acknowledge receipt of SOW within two (2) working days or as mutually agreed upon by User and Contractor(s).
- 4) Prior to placing an order with Contractor(s), Users may negotiate with Contractor(s) on such issues as additional pricing discounts, acceptance and testing criteria, etc. Users may interview each individual proposed by Contractor(s) to perform work.
- 5) Contractor(s) will provide estimated total cost and available individuals within ten (10) working days of receiving a [SOW](#) or as mutually agreed upon by User and Contractor(s). Users will determine the best overall value for the Commonwealth and place a written order with the selected Contractor.
- 6) Users and Contractor may negotiate travel expenses for individuals up to the limits established by the Department of Accounts in the Commonwealth’s State Travel Regulations. **Note: Travel expenses shall not exceed 15% of the total order cost of services.**
- 7) Two-percent Industrial Funding Adjustment (IFA) and eVA fees are included in [Attachment D](#) pricing and should be included in quotes obtained for SOW by Contractor.
- 8) Specific Terms and Conditions to note: A, E, P, V, and Z.

Note: No contract terms and conditions may be added to the [SOW](#) by Users or Contractor(s).

- 9) See Contract [Attachment E](#) for specific contract usage procedures
- 10) Upon completing work and invoicing [SOW](#), Contractor will provide User with a [User Satisfaction Survey](#) for User to complete and return to VITA.

Pricing: Orders may be written on an hourly rate, fixed price, or alternative pricing model that may be negotiated and agreed to by the User and the Contractor. Reference [Attachment D](#) to the Contract for maximum pricing rates offered by the specific Contractors. Users are encouraged to present [SOW](#) to more than one Contractor to obtain the overall best value for the Commonwealth. **Hourly rates that exceed \$200 must be approved by the CIO. No pricing shall exceed the hourly rates as provided by the specific Contractor in the Contract, Attachment D**

Price Adjustments: No price increases will be authorized until twelve (12) months after the effective date of the contract, and each twelve (12) months thereafter and only where verified to the satisfaction of the Commonwealth. Allowable price increases shall not be retroactive and shall only apply to a new [SOW](#) or change orders impacting an existing SOW.

Orders: The contract number, federal employer identification number (FEIN), and [SOW](#) must be indicated on each order. Please note the contract number is different for each of the five contractors.

Payment: Payment is due within thirty (30) days after acceptance of all services and receipt of a correct invoice for such payment, whichever occurs last. Invoice holdbacks are allowed per the Contract (see term and condition E). However, holdbacks must be indicated in the [SOW](#) when the initial [SOW](#) is provided.

TO
CONTRACT NUMBER VA-030815-BP
BETWEEN THE

AND

This MODIFICATION #3 is an Agreement between the Virginia Information Technologies Agency (hereinafter referred to as "VITA"), pursuant to §2.2-2012 of the Code of Virginia and BearingPoint, Inc. ("Supplier") to modify Contract Number VA-030815-BP ("Contract"). This Modification is, upon execution by VITA and Supplier, incorporated into and made an integral part of the Contract.

The purpose of this Modification to incorporate the "Security Compliance" provision into the Contract.

The following provision is hereby incorporated into the Contract:

SECURITY COMPLIANCE

Supplier agrees to comply with all provisions of the relevant Authorized User's then current security procedures as are pertinent to Supplier's operation and have been supplied to Supplier by such Authorized User and further agrees to comply with all applicable federal, state and local laws and regulations. For any individual Authorized User location, security procedures may include but not be limited to: background checks, records verification, photographing, and fingerprinting of Supplier's employees or agents. Supplier may, at any time, be required to execute and complete, for each individual Supplier employee or agent, additional forms which may include non-disclosure agreements to be signed by Supplier's employees or agents acknowledging that all Authorized User information with which such employees and agents come into contact while at the Authorized User site is confidential and proprietary. Any unauthorized release of proprietary information by the Supplier or an employee or agent of Supplier shall constitute a breach of this Contract.

Subject to the limit of section U "LIMITATION OF LIABILITY", supplier shall indemnify, defend, and hold VITA, the Authorized User, their officers, directors, employees and agents harmless from and against any and all fines, penalties (whether criminal or civil), judgments, damages and assessments, including reasonable expenses suffered by, accrued against, or charged to or recoverable from VITA, the Authorized User, their officers, directors, agents or employees, on account of the failure of Supplier to perform its obligations pursuant to this Section.

Clarifying Modification: The following will replace section U. LIMITATION OF LIABILITY:

U. Limitation of Liability

To the maximum extent permitted by applicable law, the Contractor's liability under this contract for loss or damages to government property caused by the use of any defective or deficient product and/or services delivered under this Contract shall not exceed the greater of \$1,000,000 dollars or two times the total amount of the affected order to be paid to the Contractor resulting from a statement of work (SOW) under this contract as of the date of the event or circumstance giving rise to Contractor's liability. The Contractor will not be liable under this contract for any indirect, incidental, special or consequential damages, or damages from loss of profits, revenue, data or use of the supplies, equipment and/or services delivered under this contract. The above limitation of liability is per incident. The limitation and exclusion of damages in the foregoing sentences will not apply, however, to liability arising from: (a) personal injury or death; (b) defect or deficiency caused by willful misconduct or negligence on the part of the contractor; or

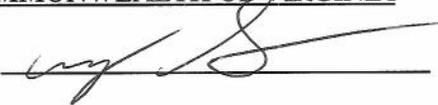

(c) circumstances where the contract expressly provides an unconditioned right to damages, indemnification or reimbursement.

("Supplier") to modify Contract Number VA-030815-BP, ("Contract"). This Modification is, upon execution by VITA and Supplier, incorporated into and made an integral part of the Contract.

The purpose of this Modification is as follows:

- i). Extend the term of the Contract.
- ii). Incorporate contractual requirements for the Supplier Monthly Report of Sales and Industrial Funding Adjustment.
- iii). Incorporate contractual requirements for reporting on the use of Small, Woman-, and Minority-Owned Businesses as subcontractors.
- iv). Incorporate into the Contract the now-current version of the statutorily mandated terms and conditions and the new eVA fee structure.
- v). Incorporate into the Contract the new Statement of Work Template, Attachment F.

The following items are modified as follows:

1. CONTRACT TERM

Pursuant to the "Contract Term" section of the Contract, the term of this Contract is hereby extended by one (1) year through August 24, 2007.

2. SUPPLIER REPORT OF SALES AND INDUSTRIAL FUNDING ADJUSTMENT

This clause is changed from:

Contractor Monthly Report of Sales

The Contractor shall submit the "Contractor Monthly Report of Sales" which is available on line at <http://www.asd.virginia.gov/report.xls>. The report shall be submitted in electronic form to the VITA Contract Administrator and the VITA Controller (email addresses to be provided upon award), by the 10th day of every month, reporting all invoices paid by the Commonwealth for the preceding month. The report shall also show an accumulative record of all sales which shall carry forward for the duration of the Contract. The Contractor Monthly Report of Sales Excel template indicated at the link above is required to be used by the Contractor and provided to the Commonwealth. Reference Special Term and Condition "R".

The "Contractor Monthly Report of Sales" is a detailed record that is prepared from actual invoices submitted to and paid by User pursuant to this Contract. Data submitted shall include Name of Project, Contractor's tax identification number, invoice date, invoice number, order number, name of requesting entity, User name and telephone number, amount billed for services performed for previous month, and IT service category.

INDUSTRIAL FUNDING ADJUSTMENT

The Contractor shall pay VITA an Industrial Funding Adjustment (IFA). It is the intent of the Commonwealth to capture 2% of all sales, including temporary reduced pricing, under this contract. The Contractor shall remit the 2% IFA with the “Contractor Monthly Report of Sales” to the VITA Controller and in addition shall provide a copy (not actual check) of the submitted check and the “Contractor Monthly Report of Sales” to the VITA Contract Administrator within the first ten (10) calendar days of the following month. The IFA equals two percent (2%) of the total monthly sales reported. VITA may, at its discretion, agree to an electronic funds transfer in lieu of a check. However, in the absence of an express written agreement from VITA allowing for an electronic funds transfer, the payment shall be made by check and made payable to the VITA Controller. The IFA amount due shall be paid by check with identification of “Contract number”, “report amounts”, and “report period”, on either the check stub or other remittance material.

If the full amount of the IFA is not paid within 30 calendar days after the end of the applicable reporting period, it shall constitute a Contract debt to the Commonwealth of Virginia, and the State may exercise all rights and remedies available under law. Failure to submit sales reports, falsification of sales reports, and or failure to pay the IFA in a timely manner may result in termination or cancellation of the Contract and the Contractor held in default.

To:

By the 10th day of every month, the Contractor shall submit the “Supplier Monthly Report of Sales”. A template showing the format in which the report is to be submitted is available at <http://www.vita.virginia.gov/procurement/supplierResources.cfm>. The report shall be submitted via electronic mail to the VITA IFA Coordinator and the VITA Controller (contact information provided below), and shall report all invoices submitted by Contractor pursuant to the Contract to all Authorized Users during the preceding month. The report shall also show a cumulative record of all invoices submitted to all Authorized Users pursuant to the Contract.

The Contractor shall submit the Industrial Funding Adjustment (IFA) payment for the period covered by such “Supplier Monthly Report of Sales” within thirty (30) days of submitting the “Supplier Monthly Report of Sales”. The IFA payment shall be submitted in the form of a check or electronic funds disbursement made payable to the Treasurer of Virginia. The IFA payment is equal to two percent (2%) of total sales under this Contract during the relevant month, as determined by the amount invoiced to Authorized Users. The IFA payment shall reference this Contract number, “report amounts”, and “report period”.

Contractor shall remit IFA payments made via check to VITA, Attention VITA Controller. Contractor shall also provide a copy of the IFA payment to the VITA IFA Coordinator via email or fax. Failure to comply with reporting and payment requirements of this section may result in default of Contract.

BEARINGPOINT

Re: VA-030815-BP

Dear **BEARINGPOINT**,

As you may be aware, in November 2005, the Commonwealth of Virginia and Northrop Grumman Information Technology, Inc. ("Northrop Grumman") formed a partnership to modernize the state's information technology infrastructure. As a result of that partnership, Northrop Grumman will be providing the Commonwealth with the equipment and services necessary to build and operate IT infrastructure.

In conjunction with those efforts, we anticipate that Northrop Grumman will be managing some of the Commonwealth's needs related to your contract and therefore your assistance is requested. For previously purchased goods and existing service streams, please honor any requests for maintenance, support or like services placed by Northrop Grumman on the Commonwealth's behalf. For new orders, we request that you extend to Northrop Grumman the pricing and other terms agreed to in your contract with the Commonwealth. This request encompasses only Northrop Grumman purchases related to its performance of services for the Commonwealth and does not apply to purchases related to other Northrop Grumman activities. This will be indicated by Northrop Grumman's use of this contract number on its purchase order.

Please note that any orders placed pursuant to this request will be the sole obligation of Northrop Grumman with no liability to the Commonwealth. When invoicing such orders, you may include the contract number for ease of reference, but all invoices should be directed to Northrop Grumman.

Please indicate your willingness to comply with this request by signing below and returning this signed form to me by May 23, 2006.

BearingPoint acknowledges and understands the Commonwealth's objective in making the request. Accordingly, BearingPoint agrees to this request in principle as indicated by Bearingpoint's execution of this letter. However, as between BearingPoint and Northrop Grumman, it will be necessary for the parties to execute an appropriate contract document and Northrop Grumman's Purchase Order form may be inadequate or unacceptable for that purpose. BearingPoint will work cooperatively with Northrop Grumman and the Commonwealth to address and resolve this issue.

- d. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.

- e. **Unreasonable Charges.** Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, Contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges that appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Commonwealth shall promptly notify the Contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A Contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier Contractor performing under the primary Contract. A Contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Commonwealth.

H. PRECEDENCE OF TERMS

Paragraphs A-I of these General Terms and Conditions shall apply in all instances. In the event there is a conflict between any of the other General Terms and Conditions and any Special Terms and Conditions in this Contract, the Special Terms and Conditions shall apply.

I. TESTING AND INSPECTION

The Commonwealth reserves the right to conduct any test/inspection it may deem advisable to assure services conform to the specifications in accordance with the statement of work (SOW) that results in an order placed against this Contract.

J. CHANGES TO THE CONTRACT

Changes can be made to the Contract in any of the following ways:

1. The parties shall agree in writing to any modification to modify the scope of the Contract. An increase or decrease in the price of the Contract resulting from such modification shall be agreed to by the parties as a part of their written Contract to modify the scope of the Contract.
2. The Commonwealth may order changes within the general scope of the Contract at any time by written notice to the Contractor. Changes within the scope of the Contract include services to be performed. The Contractor shall comply with the notice upon receipt. The Contractor shall be compensated for any additional costs incurred as the result of such order and shall give the Commonwealth a credit for any savings. Said compensation shall be determined by one of the following methods:
 - a. By mutual agreement between the parties in writing; or
 - b. By agreeing upon a unit price or using a unit price set forth in the Contract, if the work to be done can be expressed in units, and the Contractor accounts for the number of units of work performed, subject to the Commonwealth's right to audit the Contractor's records and/or to determine the correct number of units independently; or
 - c. By ordering the Contractor to proceed with the work and keep a record of all costs incurred and savings realized. The Contractor shall present the Commonwealth with all vouchers and records of expenses incurred and savings realized. The Commonwealth shall have the right to audit the records of the Contractor, as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the Commonwealth within thirty (30) days from the date of receipt of the written order from the Commonwealth. If the parties fail to agree on an amount of adjustment, the question of an increase or decrease in the Contract price or time for performance shall be resolved in accordance with the procedures for resolving disputes provided by the Contractual Disputes Clause of this Contract. Neither the existence

of a claim nor a dispute resolution process, litigation or any other provision of this Contract shall excuse the Contractor from promptly complying with the changes ordered by the Commonwealth or with the performance of the Contract generally.

K. DEFAULT

In case of Contractor's failure to deliver services in accordance with the Contract terms and conditions, the Commonwealth, after due oral or written notice, may procure them from other sources and hold the Contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies available to the Commonwealth. Contractor shall not be liable for any excess cost if failure to perform arises out of any act of war, order of legal authority, strikes, act of God, or other unavoidable causes not attributable to Contractor's fault or negligence.

L. INSURANCE

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific Contract awarded to a Contractor, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the Contract.

N. NONDISCRIMINATION OF CONTRACTORS

A Contractor shall not be discriminated against in award of this Contract because of race, religion, color, sex, national origin, age, or disability or against faith-based organizations. If the award of this Contract is made to a faith-based organization and an individual, who applies for or receives goods, services, or disbursements provided pursuant to this Contract objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the public body shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

If the use of such services by the Commonwealth is prevented by permanent injunction or by Contractor's failure to procure the right for the Commonwealth to continue using the services, the Contractor agrees to take back any infringing services, documentation or information and refund the total amount the Commonwealth has paid Contractor under this Contract, less one half (1/2%) percent of the total paid for each month of use by the Commonwealth. Contractor shall advise all Contractors' agents, employees, successors, assigns and subcontractors which are engaged by the Contract User of the restrictions, present and continuing, set forth herein. The Contractor's remedy shall not include any right to rescind, terminate or otherwise revoke or invalidate the provisions of "Commonwealth's Rights to Services and Documentation" term. Similarly, no termination of any resulting Contract by the Commonwealth shall have the effect of rescinding, terminating or otherwise invalidating the provisions of "Commonwealth's Rights to Services and Documentation" term of any resulting Contract.

M. AVAILABILITY OF FUNDS

It is understood and agreed between the parties herein that the Commonwealth shall be bound hereunder only to the extent of the funds available or which may hereafter become available for the purpose of this Contract.

N. PRIME CONTRACTOR RESPONSIBILITIES

The Contractor shall be responsible for completely supervising and directing all services under this Contract and all subcontractors utilized. Subcontractors who perform services under this contract shall be responsible to the prime contractor. P. ORDER CHANGES

Any changes to be made after an order has been provided to the Contractor must be made between the Contract User and the Contractor as provided in Attachment E. Both parties shall agree in writing to any changes in the scope of work and any increase or decrease in the price that may result as a consequence of the changes. **No order changes may be made verbally. Only the User has the right to issue a change to any order.**

Q. SMALL BUSINESSES, WOMEN AND MINORITY-OWNED BUSINESSES

Where it is practicable for any portion of the awarded contract to be subcontracted to other suppliers, the Contractor shall give full and fair consideration to small businesses, women and minority -owned businesses. When such business has been subcontracted to these firms, the contractor agrees to furnish the VITA Contract Administrator with quarterly reports that includes the following information: name of SWAM-owned subcontracted firm, contact name and phone number, total dollar amount subcontracted and type of product/service provided by the subcontracted firm.

R. CONTRACTOR MONTHLY REPORT OF SALES

The Contractor shall report the monthly dollar value, in U.S. dollars, of all sales under this Contract by month. The report shall also show an accumulative record of all sales which shall carry forward for the duration of the contract. Within the first ten (10) calendar days of the following month, the Contractor shall submit a monthly report of sales, signed, to the VITA Contract Administrator (to be named upon Contract award) and the Controller, VITA, showing all contract sales to include name of individual entity, type of service and total dollar value purchased. A Contract sale is defined as the total of all invoices paid by the Commonwealth during the reported month. The dollar value of a sale is the price paid by the Contract User for services under the contract as recorded by the Contractor. The Contractor shall remit the 2% IFA check (made out to the Controller, VITA) with the signed "Contractor Monthly Report of Sales" to the VITA Controller and in addition shall provide a copy (not actual check) of the submitted check and "Contractor Monthly Report of Sales" to the VITA Contract Administrator in electronic format.

S. INDUSTRIAL FUNDING ADJUSTMENT

The Contractor shall pay VITA an Industrial Funding Adjustment (IFA). It is the intent of the Commonwealth to capture 2% of all sales, including temporary reduced pricing,

under this Contract. The Contractor shall remit the 2% IFA with the "Contractor Monthly Report of Sales" to the VITA Controller and in addition shall provide a copy (not actual check) of the submitted check and the "Contractor Monthly Report of Sales" to the VITA Contract Administrator within the first ten (10) calendar days of the following month. The IFA equals two percent (2%) of the total monthly sales reported. VITA may, at its discretion, agree to an electronic funds transfer in lieu of a check. However, in the absence of an express written agreement from VITA allowing for an electronic funds transfer, the payment shall be made by check and made payable to the VITA Controller. The IFA amount due shall be paid by check with identification of "Contract number", "report amounts", and "report period", on either the check stub or other remittance material.

If the full amount of the IFA is not paid within 30 calendar days after the end of the applicable reporting period, it shall constitute a Contract debt to the Commonwealth of Virginia, and the State may exercise all rights and remedies available under law. Failure to submit sales reports, falsification of sales reports, and or failure to pay the IFA in a timely manner may result in termination or cancellation of this Contract and the Contractor held in default.

T. ASSIGNMENT OF CONTRACT

Upon written notification to Contractor, VITA or any successor Agency or Organization may assign this contract with all obligations and duties thereunder to any public or private entity. In the event of such assignment, VITA or its successor, as the case may be, shall no longer be a party to, nor have any further right or obligation under the resulting contract.

U. LIMITATION OF LIABILITY

To the maximum extent permitted by applicable law, the Contractor's liability under this contract for loss or damages to government property caused by the use of any defective or deficient product and/or services delivered under this Contract shall not exceed the greater of ***\$1,000,000 dollars or two times the total amount of the affected order to be paid to the Contractor resulting from a statement of work (SOW) under this contract as of the date of the event or circumstance giving rise to Contractor's liability.*** The Contractor will not be liable under this contract for any indirect, incidental, special or consequential damages, or damages from loss of profits, revenue, data or use of the supplies, equipment and/or services delivered under this contract. The above limitation of liability is per incident. The limitation and exclusion of damages in the foregoing sentences will not apply, however, to liability arising from: (a) personal injury or death; (b) defect or deficiency caused by willful misconduct or negligence on the part of the contractor; or (c) circumstances where the contract expressly provides a right to damages, indemnification or reimbursement.

V. LIMITATION OF COST

It is hereby stipulated and agreed that the total cost to the Commonwealth or Contract User for the performance of each Order will be within the "Not to Exceed" funding

limitation set forth in the Order, and the Contractor agrees to perform the work specified and all obligations under the Order within such funding limitation. The Contractor agrees to notify the Contract User in writing no later than when the billable amounts reach eighty percent (80%) of the funding limitation and will include in such notification an estimate to complete the requirements of the Order.

The Contract User entity will not be obligated to reimburse the Contractor for billing in excess of appropriated funding up to the funding limitation set forth in the Order, and the Contractor shall not be obligated to continue performance of the Order or to incur costs in excess of the funding limitations unless and until a written amendment to the Order increasing the funding limitation is approved by the Contract User.

W. CANCELLATION OF CONTRACT

The Commonwealth reserves the right to cancel and terminate this Contract and any extension thereto, in part or in whole, without penalty, upon 30 days written notice to the Contractor. In the event the initial contract period is for more than 12 months, this Contract and any extension thereto may be terminated by Contractor, without penalty, after the initial 12 months of the contract period upon 30 days written notice to the Commonwealth. Any contract cancellation notice shall not relieve the Contractor of the obligation to deliver and/or perform on all outstanding orders issued prior to the effective date of cancellation. Payment will be made by the Commonwealth to the Contractor for services provided as of the effective cancellation date.

X. PRICE ESCALATION/DE-ESCALATION

The Commonwealth, in its sole option, may permit price adjustments, for requested changes in the Contractor's cost of services using the Consumer Price Index/W (CPI-W) Table 4, Services/"Other Services" category as a guide, as found on website <http://STATS.BLS.GOV/NEWS.RELEASE/CPI.T04.HTM>.

Once the website is accessed, refer to the section titled COMMODITY AND SERVICE GROUP, within this group, refer to the lines titled SERVICES and OTHER SERVICES and read the figures in the fourth column for the current CPI rate.

No price increase will be authorized until twelve (12) months after the effective date of the contract, and each twelve (12) months thereafter and only where verified and approved to the satisfaction of the Commonwealth. Price increases allowed shall not be retroactive and shall only apply to new statements of work (SOW) or change orders impacting an existing SOW, upon approval of the User.

Contractor shall give not less than thirty (30) days advance written notice of any price increase request to the Commonwealth. Any approved price changes will be effective only at the beginning of the calendar month following the end of the full 30 day notification period. Documentation shall be supplied with the Contractor's request for increase which will: 1) verify that the requested price increase is general in scope and not applicable just to the Commonwealth; and (2) verify the amount of percentage of increase which is being passed on to or by the Contractor and why the percentage of increase is

necessary to supply IT resource services to the Commonwealth. The Contractor is further advised that decreases which affect the cost of services are required to be communicated and effective immediately to the Commonwealth.

Y. IFA ELECTRONIC REPORTING

Contractor(s) shall be required to submit monthly IFA reporting requirements through a web-based system once VITA has completed and implemented the system.

Z. CRIMINAL HISTORY AND CREDIT CHECKS

The Contractor shall conduct criminal history check(s) through the Virginia State Police and credit check(s) through a reputable credit bureau when required by the Commonwealth or any User.

XI. ENTIRE AGREEMENT. This Contract and all attachments thereto contain all the terms and conditions agreed upon by the Contractor and the Commonwealth. No oral agreements or representations shall be valid or binding upon VITA, Contract User, or the Contractor unless expressly contained herein or by a written amendment to this Contract, which is not in conflict with the terms and conditions of this Contract. The effective date of this Contract shall be the date last ascribed herein below.

IN WITNESS WHEREOF, the Contractor and the Commonwealth have caused this Contract to be executed, on the dates shown below their respective names.
